

Transforming Manufacturing

Vyomesh Joshi

President and Chief Executive Officer
3D Systems Corporation

MTC 2018 | October 10, 2018 |

Transforming Manufacturing

Common Vision

- Pioneers in subtractive and additive manufacturing
- Integration and automation of AM into complete manufacturing process chain
- Combined global sales network
- Access to combined manufacturing applications experts (Customer Innovation Centers)

DMP Factory 500

- First Joint Solution
 - Scalable manufacturing system
 - Designed to transform metal manufacturing through simplified workflows
 - Build high quality seamless metal parts up to 500 mm X 500 mm X 500 mm
 - Lower total cost of operation

Printer Module

Powder Management Modul (PMM)
with Depowdering Module

Transport module with Removable
Print Module (RPM)

Parking Module
